

MENTORS

As a mentor you can use your own life experiences to guide and help build the life of a child. You can help a young person realize his/her potential, and become part of that child's life journey. The role of a mentor is one of great importance, and it is a genuine privilege to serve in the life of child; the rewards of being a mentor far surpasses any material gift you could ever imagine possessing, and it is something that will remain with you, and the child, for a life time.

BRONX ONE ON ONE MENTORING PROGRAM

BOOM

BRONX ONE ON ONE MENTORING
"TRANSFORMING THE FUTURE,
ONE CHILD AT A TIME."

The Bronx One on One Mentoring program encourages 4th through 8th grade students to become successful by facilitating academic and personal growth, impacting the lives of youth with a

BOOM!

The Facts

Raising children in today's world is hard, and making sure that your children have everything they need to develop into the young men/women we want them to become, is challenging. Sometimes they require more than we are able to provide. Between work, home responsibilities and other commitments, it is hard to find additional time in the day to spend with our children, so we do the best that we can, right?

The truth is that there are tools available to parents/caregivers that can facilitate, and support, your growing child. Mentoring is a tool that parents/caregivers can take advantage of throughout the year; mentoring places an adult man/woman in the life of child, who is focused solely on helping your child develop into the positive and successful person all parents want their children to become. Guiding children in positive and meaningful directions and providing additional support to our young so that they can grow and thrive, isn't that what any good parent wants?

BOOM

The Bronx One on One Mentoring program was founded for the purpose of providing comprehensive services to the youth of our community; utilizing positive and supportive people, BOOM seeks to facilitate academic, and personal, growth by providing programs, both educational and recreational, that can contribute to the development and life of a child.

The Bronx One on One Mentoring program brings together both children and adults; adults who are both interested, and capable, of contributing their time, talents, skills, experiences to the life of a child, your child.

What is a Mentor?

A mentor is someone who shares his/her time, life and experiences with a young person; he/she teaches, guides and helps a boy/girl have fun and grow into positive and confident individuals.

Mentees

Being mentored is great! Having an older adult in your life that is interested only in helping you with your every day difficulties, it just cannot get any better! A mentor is both a friend and someone who is there just for you; he/she is there to help you with homework, building your self-esteem and confidence or simply mastering your favorite game on PS3. Growing up is hard work, and because you have to do it anyway, it makes good sense to have a mentor with you for the journey.
